

Keller Freight Solutions

RESPONSIVE • RESOURCEFUL • RELIABLE

Keller Freight Solutions, an affiliate of **Keller Logistics Group**, is a freight brokerage intermediary that extends beyond the geographical reach of Keller Trucking's dry van assets. We help support surge capacity as well as spot and contract gaps.

As freight brokers, we are experts in mitigating capacity issues, covering lanes that can be difficult to fill, and providing you with specialized carriers that have met our strict performance standards. Our carrier partners provide you with versatility and flexibility in lane coverage, equipment type, and on-demand availability. We help you implement "industry best" practices to get your goods to market quickly, at the most affordable price.

We have been named on Inc. Magazine's annual list of 5000 fastest growing private companies in America, and continue to grow substantially.
